

FREQUENT ASKED QUESTIONS

- I have wheel covers on my front wheel, will the Aero-Pac® APT3000 work ?

No the drum of the Aero-Pac® APT3000 need to make contact with the wheel of the aircraft to drive the tire. If the wheel pants can be removed then the Aero-Pac® will work.

- Will the Aero-Pac APT3000 work on tail draggers ?

Yes it will, but check with Aero-Pac® sales if we have a standard adapter for your plane.

- Do you ship international ? How much will shipping charges be ?

Indeed, aero-pac® ships all over the world, we use mainly UPS (since we have daily shipping charges are low). Request your tracking number. All deliveries contain a shipping contents checklist.

- Can I get extra battery or spare parts ?

Indeed, Aero-Pac® has all spare parts in stock.

- How long does it take to charge the battery ?

The APT3000 is delivered with charger and battery, The batteries are designed to withstand hundreds of charge cycles and should be recharged often and after every use. A full depleted battery can be recharged in 30 minutes.

- Fits the APT3000 into the aircraft baggage compartment ?

The latest model of the APT3000 is foldable, it goes easy into the aircraft baggage compartment, folded dimension it about 70 cm x 20 cm x 20 cm

- Can the adapters be changed ?

We have 19 adapters in stock, adapters fit into the front section of APT3000, and be changed with a hexa key.
