

**SELF LOADING STACKER / MEENEEM STAPELAAR
GERBEUR EMBARQUE / MITNEHMSTAPLER**

LOADING INSTRUCTIONS

- STEP 1** → Push the load into the van until the rubber pad touches the vehicle.
- STEP 2** → Lower the load onto the deck. Continue to lower the forks until the support legs lift off the ground. Next pull the support legs out.
- STEP 3** → Raise the chassis until it reaches its upper position. Push the support legs under the forks again.
- STEP 4** → Lift the Ardolift up a little and push it together with the load into the van. Next lower the forks so that the wheels lift up.
- STEP 5** → Push the loaded ARDOLIFT® into the van. Note a rear plate is available for vehicles with large steps and track bolts.

UNLOADING INSTRUCTIONS

- STEP 1** → For vehicles with trailer bolts and big steps connect the rear plate to permit a safe and easy reversal.
- STEP 2** → Raise the load about 4 cm and pull it to the edge of the van.
- STEP 3** → Lower the forks completely on the edge of the van and then pull out the support legs.
- STEP 4** → Push the lifting button to lower the Ardolift slightly. Then push the support legs under the forks before lowering the ARDOLIFT® to the ground.
- STEP 5** → Pull the load up onto the forks and then lower them again.
